The screenshot shows a Windows-style application window titled 'Form1'. The main content area has a light blue background. At the top, there is a header bar with the text 'Welcome to dice game!' flanked by two small dice icons. Below the header, on the left, is a form with the label 'Tell us your name:' followed by a text input field and an information icon (i). Below the input field are two buttons: 'New/Login' and 'Show leaderboard'. To the right of the form is a large, 3D-rendered red die with white pips. At the bottom, there is a 'Difficulty:' section with three radio button options: 'Easy' (selected), 'Medium', and 'Hard (reach a highscore of 200 to unlock!)'.

The screenshot shows a Windows-style application window titled "Form1". The main header area has a light orange background and contains the text "Welcome to dice game!" in a bold, black, serif font, flanked by two small dice icons. Below the header, the background is light blue. On the left side, there is a text prompt "Tell us your name:" followed by a small circular icon containing the letter 'i' and a text input field. Below the input field are two buttons: a grey "New/Login" button and an orange "Show leaderboard" button. To the right of these elements is a large, 3D-rendered red die with white pips, showing the top face with three pips and the front face with six pips. At the bottom left, the text "Difficulty:" is followed by three radio button options: "Easy" (with a green dot), "Medium" (with a yellow dot), and "Hard" (with a red dot).

How to play:

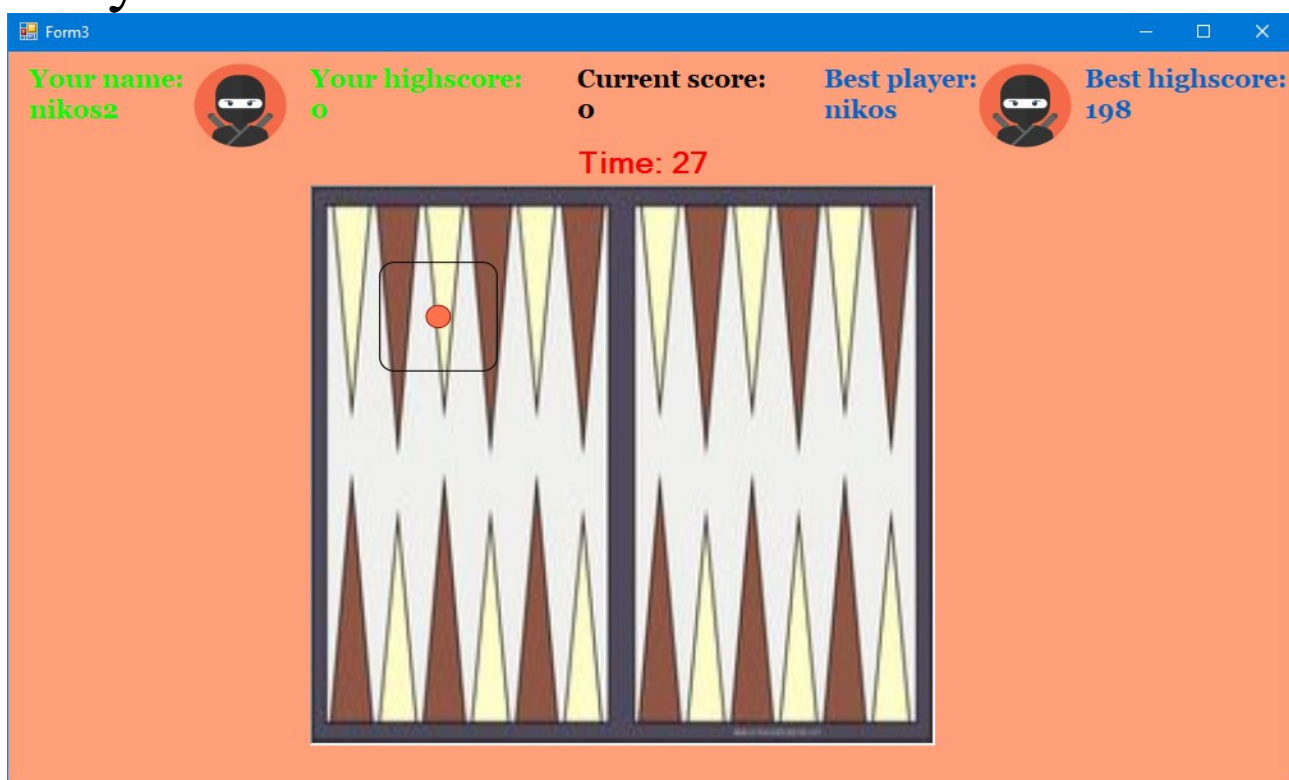

The rules are simple. There is a dice icon that teleports to random points inside the window with specific frequency (frequency depends on the difficulty). You have 30 seconds to click the dice as many times as you can. Every time you click the dice you get a score equal to the number that the dice represents. The teleport frequency, size and teleport area of the dice depends on the difficulty.

Good Luck!
